

Town of Primrose Comprehensive Plan
Public Input Meeting 11-17-08
Transportation Notes

Goal, objectives;

1. Improve bicycle and pedestrian safety on shoulders of town and county roads (especially CTH G South of Mount Vernon towards A and New Glarus.)
2. Work with biking organizations to identify preferred biking routes. Target improvement to identified routes.
3. Improve safety with large grain and other agricultural vehicles on town roads.
4. Address wear and tear from large agricultural and other heavy equipment.
5. Encourage safety by installing rumble strips or other traffic calming or warning to alert drivers to stops and slower speeds.
6. Establish and sustain an ongoing road maintenance program with limited funding.
7. Maintain adequate road maintenance equipment and personnel especially in winter.
8. Work with WISDOT and County Highways to improve safety with narrow bridges near Highway 92 and county roads to accommodate wider farm equipment and heavy automobile traffic.
9. Work with Dane County Sheriff and State Patrol to enforce traffic regulations and reduce automobile/farm equipment safety problems.
10. Paint centerlines on all town roads, particularly on hilly ones.
11. Develop a standardized policy for grading and snowplowing for private drives. How should fees be assessed, etc?
